

- For the first time, Xtentable™ provides a comfortable way for you to work in any room, vehicle, office or public area. We created a fully adjustable, retractable and stylish table that fits next to your favorite seat.

- Xtentable™ is great in **living room, bedroom, office, classroom and institution.**

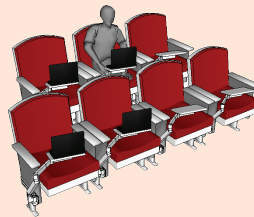

Elegant, easy to use for a variety of activities (reading, eating, web surfing...). Easy to install and fits your favorite couch!

- Going in and out of a chair becomes an easy task.
- It eliminates the heat of the laptop from your lap.
- When not in use, it is securely stowed in its customized receptacle (not shown) allowing the table to blend completely with any décor.

- Xtentable™ can be integrated into new furniture and it remains customizable to match any decor or use.
- Xtentable™ is an ideal way to create working areas in **small apartments, boats and recreational vehicles (RVs).**

About:

Zeleg is creating an innovative product for home, office and commercial use. It is an intelligent combination of the armrest table found in first class airline cabins with the ergonomic comfort required by laptop and tablet users.

Its versatility lends its uses in classrooms, hospitals, hotels and airport lounges.

Xtentable™

A better way of working right!

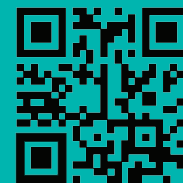

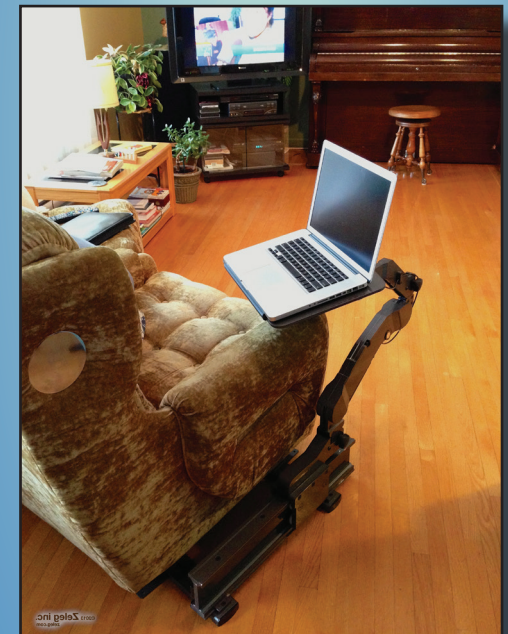

A New Ergonomic table to make your life comfortable!

Zeleg Inc
presents...

Xtentable™

patent # 8,359,982

NeoCon booth #7-2099

Xtentable™

Xtentable™ comes with either new furniture or as a stand-alone unit.

Comfortable, ergonomic and stylish!

Xtentable™ provides an elegant solution to this discomfort by providing a unique, retractable and easy to use ergonomic table.

An ideal companion to your favorite chair!

New Furniture

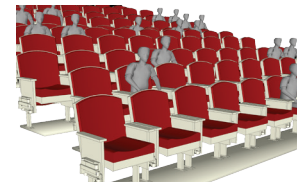

Integrated in a new piece of furniture, Xtentable™ disappears completely when not in use. It can be installed on both sides of a couch for better flexibility and comfort.

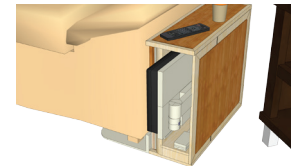

Hotels and Schools

In classrooms, we provide a comfortable workspace for students.

Ideal for stadium seats!

Xtentable™ provides a safe and secure place to put your laptop while you are away (Optional lockable storage).

Living Rooms, Bedrooms...

Weight of the couch, chair or bed makes our table stable and easy to install.

Many More Uses...

On boats, cruise ships, campers, recreational vehicles...

Hospital beds, wheel chairs...
